Dear Harold,

Enclosed is a copy of a very interesting newspaper article.

How have you been? Long time, no see. I think of you often and hope you are well. What are you doing these days? I don't know when I'll get up there again, but I would love to see you again. I am disgusted by the country's most recent choice for leader, but we have survived worse, I think?

Please give me an update on your investigation. Do you have anything new in print?
Warmest regards for a great Thanksgiving + Christmas.
Your friend, Jim
